About Venue

Jeju is an island located in south-west of the Korean Peninsula. It is the biggest island of Republic of Korea. The island is strategically positioned connecting Continents (Russia, China) and Oceans (Japan, South-East Asia), and known for a unique recreational island with beautiful natural landscape. The venue is located in Jungmun Resort Complex which is an ocean-front resort-style five-star hotel. Jeju is a testbed for building an electric vehicle charging infrastructure and aims to develop an intelligent transportation service model.
